Dear Fellow Republicans,

For those who have not heard we now have the WCCRC Republican Headquarters open. It is located at 8501 Placida Road, next to the Cape Haze Resort. The phone number is 637-0650. I would like to thank Terry and Crystal Smith for their generosity in donating this fine facility. I encourage everyone to stop in and visit. We have signs, bumper stickers, and info on all of our candidates. Also available are information and applications if anyone would like to join the West Charlotte County Republican Club.

At this time we need volunteers to help make phone calls. We have cell phones available at the Headquarters for your use. There are also pre-written scripts to assist you in your calls. Please contact Harold Bowers at the Headquarters (697-0650) and sign up with him for any time that you are available. Please, we need your help and we need to get our candidates elected.

Sincerely,

Ray Corcoran, Pres. WCCRC

NULLIFY NOW

An article from the 10th Amendment Center

At this past weekend's Nullify Now! event in Orlando, FL, hundreds of activists gathered to celebrate the 10th Amendment and find an answer to the essential question of our day - **what do we do about it?**

For more than a century, *We the People* have been marching on D.C. in the hopes that *federal* politicians would see the light and limit *federal* power. We have been suing in *federal* courts in the hopes that *federal* judges would limit *federal* power. We keep "voting the bums out." But every *federal* election cycle we end up with new bums that expand *federal* power!

Asking, demanding, hoping - that the federal government will limit its own power - just doesn't work. Thomas Jefferson wrote that when the federal government "assumes undelegated powers..." a **nullification of the act is the rightful remedy.**

NULLIFICATION - has a long history in the American tradition. It is happening across the country RIGHT NOW. Tom Woods was quoted in reports by The New American and the Florida Sunshine News as saying - "Something historic is going on here."

"For more than 100 years, we've had a federal government that has -- in a completely unchallenged way -- determined the scope of its own powers. And the results are all around us: unpayable debt, impossible entitlement liabilities, crazy foreign policy, crazy monetary policy -- everything is crazy about this regime," Woods continued.

"Given that every other strategy to rein it in has been a failure, Floridians and Americans in general need to embrace something different. They need to embrace a strategy in which we concede that the federal government won't limit itself, so we decide that something else will have to do that job." And that something, according to Woods, is nullification.
